A One Day Conference Addressing Workplace Excellence in Aged Care

Griffith South Bank Graduate Centre, South Bank Parklands
Tuesday, 10th June 2008

An invitation to attend

This Conference is for anyone who has a special interest in Workplace Excellence in Aged Care.

The 2008 Aged Care Division Conference has as its theme “*Optimising Knowledge Transfer through effective Management Systems*” and as the name implies the day will be spent examining ways and means whereby you can learn, network and also participate in lively debate throughout the course of the day.

The Conference streams have been conceived by a forum group which included Aged Care industry practitioners and will provide some long awaited practical advice from specialists and experts in the industry.

The three streams for the Conference are:

- **Quality Management in Aged Care**
- **Allied Health Services – Removing Road Blocks**
- **Responsibility of Aged Care Facility to the Consumer**

Join colleagues from all sectors of the Aged Care profession as we meet to hear what is on offer and take away ideas and recommendations which can be adopted and implemented in your workplace.

Yours sincerely
