

JAS-ANZ Appoints New Chief Executive

The Joint Accreditation System of Australia and New Zealand (JAS-ANZ), announces the appointment of Dr James Galloway as Chief Executive.

Dr Galloway was most recently Director, Industry and Government Liaison at the research organisation National ICT Australia (NICTA). Previously he has held a range of positions in government and industry associations with a focus on the role that technical infrastructure organisations such as JAS-ANZ play in promoting trade and delivering economic benefit.

In announcing the appointment, JAS-ANZ Chairman David Peaston commented; "Dr Galloway will bring a unique blend of technical conformity assessment knowledge and government and industry liaison skills to JAS-ANZ."

"This will be especially valuable in creating opportunities to extend the benefits accredited certification and inspection schemes offer to government, industry and the community."

Dr Galloway received his PhD in history at the University of Adelaide, and has a Master of Government and Commercial Law (Australian National University).

Dr Galloway will commence with JAS-ANZ on 21 November 2007.

No more tick-and-flick audits!

Do you have the ability to deliver value with your assessments?

LRQA has been recognised globally for providing independent and unbiased assessments to organisations. Our auditors are renowned for being “firm but fair”. We aim to deliver value by recognising what is most important to our clients.

Too often certification is seen as a tool to achieve mere compliance. While compliance is important, auditors need to be able to deliver what business demands.

LRQA is growing rapidly and we require subcontractors as members of our Quality Management Assessment team.

We are looking for auditors with the following criteria:

- Degree or equivalent qualification in Civil Engineering or similar discipline
- Minimum of 5 years experience in project management and construction
- Managerial experience and ability to demonstrate understanding of issues and techniques used in project management and construction
- Significant experience in auditing against documented management systems at both organisation level and project level

If you meet the above requirements and can demonstrate the ability to add value to our services, send us a copy of your CV detailing your experience and qualifications to the following address:

Lloyd's Register Quality Assurance
Level 6, The Fawkner Centre,
499 St Kilda Road, Melbourne, Victoria - 3004.

Please mark the envelope as “*Application for QMS Subcontractor Position*”.
